RESPONSE TO AGREEMENT TO WITHDRAW ACCUSATION OF MURDER AFTER PROVISION OF FACTS, EVIDENCE AND LISTING WITNESSES ATTESTING TO THE FACT THAT I COULD NOT HAVE, AND DID NOT KILL HAPPY UBOH.

Dear Barr.Agholor,

I engaged you with assistance of the in charge of Agbor Correctional Center, Mr.Joe Oni Akaraiwe, and other persons regarding withdrawal of the accusation of murder on the basis that I'm able to prove I did not kill Happy Uboh but assisted after he gained unauthorized entry into my premises on April 19, 2022. Happy Uboh texted me on same day that he was breaking down and in need of medical attention. I do not know why he gained unauthorized entry into my premises as there have been repeat robberies and assassination attempts which I reported to Agbor Police Command, Officer Duke Amerika was invited to my premises on February 12, 2022, to incident and help identify and arrest the criminals. While detained on the accusation by you and your clients, I was again attacked with significant damage to my property. I am the victim of these attacks. I would never attack or hurt another person as I reflect the kindness and goodness of a law abiding citizen, friend and neighbour. A lot of people can attest to my kind nature and the strangeness of being accused.

I agreed to cover the cost of 5million naira towards whatever costs you and your clients have spent in wrongly accusing me. I'm willing and ready to answer any questions you and your clients may have to help us understand the April 19, 2022, attack against my property.

My lawyer will be engaging you to conclude on payment and withdrawal before my defense is initiated as it would be nice to be relieved of the wrong accusation by offering explanation and answers to you and your clients.

Mouka Emmanuel
